1. Спецификация продукта

Технические данные

Артикульный номер	209322
Типоразмер	RE25P-4EK.4I.1R
Описание	Single inlet impeller with forward curved blades.
Номинальные значения	1~230V ±10% 50Hz P_1 0.78kW 3.40A ΔI=0% 1230/min 14,0uF/400V 50°C 1~230V ±10% 60Hz P_1 1.05kW 4.60A ΔI=0% 1250/min 14,0uF/400V 45°C
Электрическое подключение	Supply cable side, 7x 0,75mm2 x 105cm
Min. operating temperature [°C]	-20
Cable quality	Li4G4G-J
Painting stator	_xx
coating rotor	_xx
Material impeller	Impeller made of galvanized sheet metal
Painting impeller	unpainted
Connection diagram	1360-104XA
Rating plate	1x fixed.
Монтажное положение	H/Vu/Vo
Motor protection	Контакт теплового реле
Type of protection	IP 54
Thermal class	Thermal class 155
Impregnation	Moisture and hot climate protection
Balancing	6,3
Quality of bearings	ball bearing with long-time lubrication
Labelling UL/CSA	_xx
Вес кг	9,10
директивы ErP	Does not comply with the stipulations of the ErP regulations
